Dare Audio Equipment Technology Co., Ltd Foshan Shunde Are Audio Factory

Established in 2008. Base on the powerful R&D team have great acoustic and physical knowledge, self development and improvement. We supply many leading technology professional sound reinforcement products for over 15 years.

Our main products: active/passive line array, active/passive subwoofer, active/passive fullrange speaker, active/passive monitor, 1U professional power amplifier, DSP power amplifier and audio processor etc.

The products of Dare strict implement IEC standard. We always keep the quality of our product rigorous, reliable and high technology.

Perfect sound reinforcement, smaller, lighter, easier system connection, more intelligent tuning, and more reliable experience. These are the kernel of the development in Dare company.

Main Shows we attended in the past:

2011-2025
